We **Care** About **Your**
COMPLIANCE

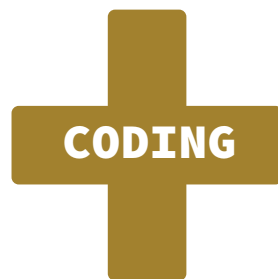

Healthcare compliance refers to the process of **abiding by all legal, professional, and ethical compliance standards in healthcare.** Every facility that files claims under Medicare, Medicaid, and/or private insurance must be following healthcare compliance.

BROAD RIVER REHAB COMPLIANCE MEASURES

Anonymous Compliance Hotline for Employees which goes directly to Corporate Compliance Officer and is posted in every one of our client facilities.

Therapy EMR Local Coverage Determinations, National Coverage Determinations, Articles are proactively set to most restrictive setting to **ensure regulatory compliance** in areas of **CPT and ICD-10 coding.**

Business Intelligence real-time tracking of areas including length of stay, CPT code trending, and outcomes allowing for proactive metric of trending across the organization and at each facility level for risk mitigation.

Broad River Rehab's Corporate Compliance Policy and Reporting

PURPOSE:

To preserve the integrity of Broad River Rehab and manner by which we are perceived by customers, patients, competitors, and the communities in which we live and work.

POLICY:

Broad River Rehab is committed to the highest level of clinical, ethical, moral, and legal standards in the conduct of our clinical practice and our business. We expect that all employees, agents, and vendors working with Broad River Rehab act honestly and in good faith and conduct themselves at all times in compliance with our policies and procedures relating to the following:

Monthly Survey Prep Tool including analytics for: equipment and environmental safety/cleanliness, treatment observation, and infection control.

DocNav® &

DocAudit™
100% OF CLINICAL THERAPY
DOCUMENTATION 365 DAYS/YEAR.

Proprietary Artificial Intelligence tools including **DocNav®** and **DocAudit®**, which support regulatory compliance for AMA CPT coding standards, and regulatory requirements for Medicare Benefit Policy Manual Chapter 8 and ICD-10 coding rules. Accurate coding and capturing of appropriate clinical complexity helps to ensure that your facility receives the appropriate reimbursement levels for the services provided and may lessen your risk of third party denials of claims.

More Reasons for Compliance

According to the OIG, a compliance program reduces fraud, enhances operational functions, improves quality of services, and decreases costs:

- ✓ Effective internal controls to ensure compliance with statutes, regulations, and rules
- ✓ Commitment to responsible corporate conduct
- ✓ Assess employee and contractor behavior
- ✓ Identify and prevent unlawful and unethical behavior
- ✓ Quickly react to employees' operational compliance concerns and targeting resources to address concerns
- ✓ Quality, efficiency, and consistency of providing services
